“Awesome training- hands down the best training I've ever had in 13 years in the medical field!”

“Karen, the trainer, did a great job. I was "petrified" when I first arrived and by Saturday afternoon I was literally beaming with excitement and couldn't wait to get back and practice on all the staff. I felt much more comfortable and confident with giving injections after completing this course.”

“Lecture and discuss approach. Performed with direct help and supervision.”
